Mr. Bibbins,

On behalf of the Rancho Cordova Chamber of Commerce, we offer our support for the Mather Sports Village. This type of park will bring much needed capacity to serve our kids and provide a safe environment in which to be active and engaged in sports.

Our chamber represents hundreds of businesses and thousands of employees who are part of the community. The project has multiple community and regional benefits – economic, employment opportunities, community outreach, and an added showcase facility to our region. The Sacramento Convention & Visitors Bureau's own report specifies a strong need for this type of site.

Our community and our kids deserve a park of this caliber.

Sincerely,

Douglas A. Brewer
