February 23, 2016

Dear Whitney:

Thank you for the call today and letting me know what is happening at this time with the Mather Sports Village sports park project.

As you are aware, my academy operates a baseball and softball program that has over 120 young athletes that participate in our program.

As I have already said, my academy fully supports the Mather Sports Village Sports Park and we look forward to having a great facility for our athletes to play on in the near future. Please present this letter to the Sacramento Board of Supervisors showing our support.

Yours truly,

A handwritten signature in blue ink, appearing to read "Phil Grawey", written over a faint, illegible stamp.

Phil Grawey
